MOSH/MOAH STATEMENT

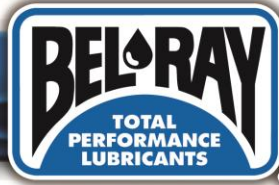

Mineral oil saturated hydrocarbons (MOSH): paraffins (open chain hydrocarbons) and naphthenes (cyclic hydrocarbons). The latter are mostly highly alkylated and originate either directly from mineral oil or are formed during refining by hydrogenation of aromatic rings or other conversion processes.

Mineral oil aromatic hydrocarbons (MOAH): highly alkylated mono- and/or polyaromatic hydrocarbons from mineral oil. In partially hydrogenated mineral oils both, saturated and aromatic rings can be found. Hydrocarbons having at least one aromatic ring are considered as MOAH, even if they predominantly consist of saturated carbons.

White mineral oils are highly refined mineral oils that consist of saturated hydrocarbons. They consist primarily of branched chains (iso-paraffins), saturated rings (cyclo-paraffins) and, to a lesser extent, straight chains (normal paraffins). Those materials are Mineral oil saturated hydrocarbons (MOSH). Aromatic compounds (MOAH) are essentially removed during the manufacturing process of white mineral oils.

As a leader in non-toxic lubrication technology, Bel-Ray Company dedicates to provide a broad and comprehensive line of No-Tox[®] products for the Food, Pharmaceutical, Beverage, Cosmetic and Personal Hygiene Industries. Bel-Ray No-Tox[®] products are made from white mineral oils, synthetic base fluids and FDA-approved additives that could have incidental or direct food contact. Bel-Ray No-Tox[®] products don't contain any MOAH. We summarize the status of MOAH, MOSH and Synthetic ingredients in No-Tox[®] products in the following table.

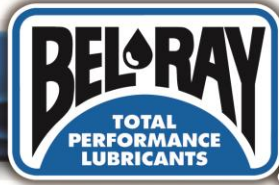

Bel-Ray Code	Bel-Ray Product Name	Contains MOAH	Contains MOSH	Contains Synthetics
21100	No-Tox Food Grade Divider Oil 15	No	Yes	No
24400	No-Tox Food Grade Divider Oil 32	No	Yes	No
41800	No-Tox Food Grade Silicone Grease	No	No	Yes
51400	No-Tox Food Grade Grease with PTFE	No	Yes	Yes
58860	No-Tox Food Grade Perfluoro Polyether Grease	No	No	Yes
61710	No-Tox Food Grade Dry PTFE Spray	No	Yes	Yes
61730	No-Tox Food Grade Clear Grease 1.5	No	Yes	Yes
61760	No-Tox Food Grade Chain Lubricant	No	Yes	Yes
61780	No-Tox Food Grade Silicone Lubricant Spray	No	No	Yes
61790	No-Tox Syntex Food Grade Synthetic PAG Oil 150	No	No	Yes
61792	No-Tox Syntex Food Grade Synthetic PAG Oil 220	No	No	Yes
61794	No-Tox Syntex Food Grade Synthetic PAG Oil 320	No	No	Yes
